Experienced Front End Developer with a strong background in UI/UX design. Passionate about creating high-quality, interactive, and responsive digital experiences. Proven problem solver who adapts quickly to new technologies and learns new skills efficiently. Recognized for delivering elegant solutions and staying updated with industry trends.

## PROFESSIONAL EXPERIENCE

**eProgram** – Casablanca (hybrid) Feb 2024 – Aug 2024

Front end developer (Internship)

- Collaborated with two experts and an intern to develop a Progressive Web App (PWA) using **React.js** and **TypeScript**, handling all company business operations. Integrated credit services, payment processing, and a balance rewarding system within the application.
- Developed a full-stack app for a company rewards system for **Webhelp**, converting employee performance points into balances for use on products and service
- Contributed in creation of an application that interacts with **EQDOM**, one of Morocco's largest credit companies, to handle credit requests and provide customers with instant status updates via API integration, using **Next.js** and **Express**.
- Maintained, debugged, and added over 15 new features to the company's store based on client needs.
- Enhanced the company's institutional website by adding sections and optimizing them with SEO best practices using **React.js**.
- Implemented animations throughout the PWA, including onboarding flows, layout transitions, and other interactive elements,

**Freelance** Jun 2023 – Dec 2023

DonVIP - (coaching website)

- Developed coach management system to streamline the coordination between coaches, clients, and sessions.
- Managed coach information, session scheduling, and pricing.
- Enabled coaches to oversee teams, track progress, and manage diet plans.
- Handled secure client payments and profile management.

DocVisit History - (doc visits's history)

- Developed a website that Manage and Track Doctor's Visit History.
- Manages visitor information, the reason for the visit, and schedules the next visit date.
